

Instructional Model

Culture Systems and Routines

Provide **direct instruction** on key knowledge and skills.

Orchestrate productive struggle with open ended tasks through appropriate scaffolds and structures.

Instruct
Practice
Orchestrate

Provide opportunities for students to **practice independently** new skills to build fluency and memory muscle.

Assess

Provide closure to an activity or lesson by **synthesizing** the learning: summarizing the content and/or analyzing various solution paths to cement understanding.

Synthesize

Use formal and informal **assessments** to check for mastery.

Assess and Reteach

Collect data throughout the lesson, identify misconceptions, and **reteach** in the moment or the next day to close gaps.

Activate

Activate students' prior knowledge to help them connect new content to prior learning.
